## Talking It Over

An editorial appeared in our last week's (October 29, 1949) issue which was based on the importance of the coin operated scoreboards now appearing on shuffleboards everywhere in the country.

It seems, since the appearance of this editorial, a considerable amount of favorable comment has been aroused from shuffleboard operators who are, in almost every single case, in complete agreement that the coin operated scoreboards have eliminated much location owner argument and, what's most important, have brought the operator the ultimate in profits.

It seems, from what some of these operators tell us, that investments of \$500.00 and more in a shuffleboard, can be best protected and more quickly amortized by the investment of another hundred dollars or so in a coin operated scoreboard for that same shuffleboard.

In short, as one well known operator advises, "Every shuffleboard, to remain an operator's shuffleboard, should only be placed on location with a coin operated scoreboard."

He goes on to say, "I didn't realize how much money I wasn't getting each collection until I started to use scoreboards with my shuffleboards. After the first few were placed on the shuffleboards, even after some of these had already been in operation for some time," he continued, "I first came to realize what an amount of money I had lost; what many arguments I could have eliminated with the location owners; and also what arguments I could have prevented between the players themselves."

This, surely, gives every shuffleboard operator sufficient reason why he should only place a new shuffleboard on location with a scoreboard. In fact, the leading shuffleboard ops today won't even think of the additional 20% to the cost of the shuffleboard for the scoreboard.

The shuffleboard will remain an operator's coin operated amusement only because of the scoreboard. It is the scoreboard which is preventing direct sales to location owners. It is the scoreboards that are eliminating much argument with location owners. But, best of all, players prefer the coin operated scoreboards for they eliminate arguments among the players themselves. This is the most important factor for it assures continued growth and good will for the shuffleboards which are, gradually, becoming an industry in their own right.

# Will the Puck Replace the Ball?

There has been discussion pro and con regarding whether the puck will replace the ball and whether the puck games now being manufactured by almost everyone of the five-ball manufacturers are an indication, because of this sudden turn to the manufacturing of a new type game, that the ball is on its way out.

In fact, some very intelligent, old time distributors, jobbers and operators have been heard to say, "Looks like the end of the pin game."

As far as that goes, the pin game was long ago forced out of the field. There just aren't any games with "pins." The games today are known as "five-balls" and not "pin games" or "pinballs."

But, this is only a technical point, tho' well worth the observation of all engaged in the field. The name should be "five-balls" from now on in.

The five-ball game of today is certainly not the pin game or pin-ball of yesterday. It has changed remarkably. From the days of the first bumper coils to the present "tilt-forfeit," "flippers," and the many, many other improvements that have been introduced by factory after factory in the industry, the game has assumed a remarkably different appearance and, most assuredly, greater amusement proportions for all players.

But, getting back to the original discussion as to whether the puck will replace the ball, a survey among the more noted manufacturers indicates that not a single one believes that the puck ever will replace the ball, or that rebounds and shuffle games will ever replace the five-ball game.

(A technical explanation should also be made right here regarding why some of the new games are called "rebounds" and why some are called "shuffles." Where the puck is thrown against the back of the playing board and returns to the player on the surface of the board, that game is now known as a "rebound game." Where the puck is thrown against the back of the playing board and falls down below the board and is returned thru a chute to the front of the game that game is now known as a "shuffle game.")

It must be remembered that the amusement division of the industry is a novelty business, pure and simple. It lives on the whim of the public. The public likes change and wants change. In fact, seat seven people around a card table and play "dealer's choice," and the chances are that more than three different kinds of card games will be played, if not more. The same exists in this amusement division of the coin operated machines industry.

And since the public have suddenly taken to the puck, which met with their approval on the larger, standard sized shuffleboards to begin with, the average novelty game manufacturer immediately recognized the possibility of building a smaller sized board which would fit into more locations where the larger sized shuffleboard couldn't fit and, thereby, win over that part of the public who patronized these smaller locations.

The amusement machine manufacturer is an opportunist. Seeing this possibility and having his distributors and operators advise him instantly that it was more than a possibility—it was a fact—he jumped into the manufacture of rebound or shuffle games with the result that these have now sprung into great national popularity and have, much to everyone's satisfaction, entered into territories that have been destitute of coin operated amusement equipment. This, too, encouraged more and still more manufacturers to enter the field.

But, what has this done to the five-ball game? Certainly it has effected large scale production. Only because the same manufacturers have turned to manufacturing shuffles and rebounds. Not one of these manufacturers, tho, has stopped making five-balls entirely. After all, the demand for the five-ball is constant, week in and week

out, year in and year out. It is an established and proved product. It is played by more peoples than any other coin operated amusement was ever played in the history of this industry. It is an accepted American diversion.

Every so often, to maintain the popularity of coin operated amusements with the general public, the manufacturers must produce something entirely new and different. Yet, when the run is all over, the public turns back to its regular morning tomato juice or grapefruit or oranges. This has gone on for years. And will continue for years.

In short, every so often, the public like to eat melon or something else in the mornings and a new breakfast food, well promoted and well advertised, captures their fancy. When the fancy has passed, they go back to their old fashioned, most popular food.

The same is true in the coin operated amusements industry. The manufacturers found something that struck the fancy of the public. They are giving the public their complete fill of this new diversion. Perhaps, and few can tell for the future is hard to ascertain, the shuffle and/or rebound may open the way to long years of manufacturing.

Yet, all who have studied the field for many years, realize that just as the ray guns created a sensation in their time, and just as many other products came along to capture the public's fancy, the manufacturer has always been able to return to the old standby, find that the public actually missed it after a period of time, and that the public go back to it with more zeal and zest than ever before.

Two pure amusement products which prove this contention are the A.B.T. Manufacturing Corp. guns and the D. Gottlieb & Co. grippers. Both products have been on the market for many years. For certain periods they practically disappear from the field. Then, just as suddenly reappear, and prove more popular than ever. The novelty of the business itself is what can reproduce products of this character time and time again and prove that the public want a change from their daily fare.

It is, then, the opinion of the leaders in the industry that the puck will not replace the ball. That, instead, the manufacturers have found something which is whetting the public's appetite for a new type amusement and that, when the public is surfeited, it will once again return more wholeheartedly than ever before to the five-ball games, or, whatever may result from the combination of the five-balls, rebounds and shuffles, and which will only be learned after the shuffles and rebounds have been on the market for some period of time and manufacturers producing their own versions of these games find one or two or even more features that the public like and which can be incorporated into the five-balls.

Or, possibly, the reverse may also happen, the manufacturer is today incorporating into the shuffles and rebounds the features he has already used in five-balls and may continue onward to a point where a fusion of the two may come into being to produce a new and entirely different type of game which may bring about an entirely new version of coin operated amusement.

But, at present, there is no indication whatsoever that the puck is ever going to replace the five-ball. The five-ball coin operated amusement game leads by a wide, wide margin and will probably continue to do so for a long time to come, until the shuffles and rebounds (whether as we know them now or in whatever version they will appear in the future) have changed to cause a new type of game to be born which will, in volume and in player appeal, offset the great popularity of the five-ball.

"Festival Of Roses" (3:00)

"The Three Rivers" (2:51)

DORIS DAY  
(Columbia 38614)

● Pair of sides by chirp Doris Day that should sit well with her many fans are these titled "Festival Of Roses" and "The Three Rivers." Both sides make for fairly pleasant listening time, and have Doris offering her usually excellent vocal allure. The songs themselves should hypo juke box play. Ork backing on the pair by maestro George Siravo rounds out the wax effectively.

"Tenderly" (3:14)

"Where Are You?" (3:04)

LES BROWN ORCH.  
(Columbia 38616)

● The wonderful orchestrated rhythms of the Les Brown band shine brilliantly on this fresh coupling titled "Tenderly" and "Where Are You?" Music is offered in thrilling style, with a vocal choir chanting the echo of the top deck in smooth, captivating manner. Ditty is an old one—this rendition might bring it back again with a splash. The flip has piper Ray Kellog purring the meaningful tones of a wonderful ballad that might prove to be a sleeper. Ops should, by all means, listen in.

"I've Got A Lovely Bunch Of  
Cocoanuts" (2:24)

"The Peony Bush" (3:00)

DANNY KAYE  
(Decca 24784)

● A side that should spring up and nab a ton of juke box silver is this Danny Kaye version of the rapidly climbing favorite "I've Got A Lovely Bunch Of Cocoanuts." This rendition could rival other waxings out, and nab top popularity honors. Tune is a mellow novelty ditty which Kaye handles in his own unique vocal manner. The flip is a zany novelty waxing, with Kaye displaying his versatility in style that shines. Top deck is a winner.

"You Can't Lose A Broken Heart"  
(3:11)

"My Sweet Hunk O' Trash" (3:18)

BILLIE HOLIDAY - LOUIS ARMSTRONG  
(Decca 24785)

● Pair of great sides by a new great vocal team, with chirp Billie Holiday and Louis Armstrong serving up "You Can't Lose A Broken Heart" and "My Sweet Hunk O' Trash." Top deck spins in medium tempo with Billie and Louis splitting vocal honors. Ditty is a real cute one, and has a wonderful message within it. It's smartly styled throughout, and should do well on the boxes. The flip keeps in the same vein, and has Billie and Louis turning in another wonderful performance.

## SLEEPER OF THE WEEK

"She Wore A Yellow Ribbon" (2:50)

"Part Time Sweetheart" (2:43)

EDDIE "PIANO" MILLER & ORCH.  
(Rainbow 80033)

EDDIE MILLER

● Chalk this disk up on your calendar as a platter that will surely wear white in your machines! The current subject of an intensive promotion campaign, this widely known tune seems certain to nab an avalanche of top juke box coin play in no time at all. It's Eddie "Piano" Miller and

orchestra, on "She Wore A Yellow Ribbon." The song, featured in the RKO-Argosy flicker of the same name, is a tune that will have music fans humming, whistling and singing its wonderful refrain night and day. This rendition, with Eddie Miller tinkling the ivory's in top notch manner, and a scintillating bit of vocal work by the chorus, is by far one of the best around. The feeling of the song is captured in wonderful manner by Eddie and the chorus to set the stage for some torrid juke box play. On the other end with "Part Time Sweetheart," Eddie and the chorus once again come back with some great wax that should nab some heavy play on the phonos. Both sides are hot items, with "She Wore A Yellow Ribbon" headed for a bright future. Grab a boxful!

"The Sunshine Of Your Smile" (2:56)

"The Prairie Is Still" (2:59)

GORDON MacRAE  
(Capitol 57-755)

● The strong booming voice of Gordon MacRae is portrayed in all its beauty on this duo titled "The Sunshine Of Your Smile" and "The Prairie Is Still." Top deck is adapted from the classics, and has Gordon offering music ops a piece of music that can really nab loads of jitney. Plush production background accorded the piper by maestro Paul Weston is one of the highlights of this great side. The flip is another smartly styled piece of music, with Gordon handling this dramatic bit in sure-fire tones that count. Both ends of this deck should do extremely well.

"Way Back Home" (3:01)

"Iowa Indian Song" (3:00)

BING CROSBY - FRED WARING ORCH.  
(Decca 24800)

● Sure fire disk that'll reverberate in juke boxes throughout the land is this coupling by Bing Crosby and the Fred Waring orchestra. Both sides of this platter are musts for your machine. Bing's warbling on wax, together with the choir vocal of the Pennsylvanian's is a thrilling piece of work. Top deck is an oldie that should wear white on the phonos. It's Crosby at his best, turning in a recording that will be hard to match. Disk is the subject of an intense promotion campaign and as a result, should prove to be a big winner. The platter rates a featured spot in your machine—grab it—but pronto!

"When We're Alone" (2:51)

"Extrovert" (2:40)

BUDDY DeFRANCO SEXTET  
(Capitol 57-747)

● Light bop instrumental patter of the Buddy DeFranco Sextet shines brilliantly on this piece titled "When We're Alone." Ditty is an old one that has long won favor. This rendition, with the group displaying a world of wonderful instrumental tones is top notch right from the word go. The coupling has the combo knocking out an original piece that should hold its own with the modern progressive set. Top deck makes for mellow listening time.

"I Wish I Had A Sweetheart" (2:50)

"Foolish Tears" (2:53)

AL MORGAN  
(London 508)

● Piper Al Morgan, riding high with his smash recording of "Jealous Heart" comes up with the spark of another ditty that appears to be headed for equal success. It's this side titled "I Wish I Had A Sweetheart" that should cause a world of tumult in the music trade, and have juke box fans spinning this piece madly in no time at all. Ditty is a smartly styled romantic ode, with Al purring the infectious lyrics in his own wonderful style. Top notch ork backing adds to the winning incentive found here. The flip, "Foolish Tears" should prove to be a big tune too. Al's rendition of this tune adequately shows his excellent versatile style. Platter is a must for your machine.

"Exactly Like You" (2:40)

"My Mother Told Me" (2:43)

KING COLE  
(Capitol 57-70050)

● The subdued, yet rich vocal tones of Nat "King" Cole sparkle wonderfully on this fresh coupling, to serve music ops a platter that should win wide favor. Top deck is the standard offered in fresh style. Nat's vocal work, lined with the faint beat of the bongo's and the rhythm section, make this piece a must for your machine. The flip is a cute novelty which Nat and the group handle excellently. Both ends are winners—get 'em.

"Why Don't We Do This More  
Often?" (2:50)

"Egg Head" (2:53)

BENNY GOODMAN ORCH.  
(Capitol 57-758)

● The King steps out on this pair, with "Why Don't We Do This More Often" leading the way. Ditty is an old favorite that has long attracted tons of juke box coin. This rendition, with Benny taking a spot on the stick and chirp Dolly Houston spooning the vocal glory, should boom the tune all over again. On the other end with "Egg Head," Benny keeps the tempo lively, as the boys turn in a wonderful instrumental performance. Top deck is the side to ride with.

"Give Me Your Hand" (3:05)

"Hopeless Heart" (3:06)

VIC SCHOEN ORCH.  
(Decca 24789)

● Maestro Vic Schoen comes up with a pair that should do well in the machines, with the echo of "Give Me Your Hand" and "Hopeless Heart" in the offing for music ops. Top deck is a ditty that is currently receiving wide favor—this rendition, with Al Henrikson and the Harmonaires handling the vocal, should boom juke box play. The flip is a slow, tender melody that features the vocal group and chirp Sue Allen. Wax makes for fairly pleasant listening.

"When I Write My Song" (3:09)

"Danse Arabe" (2:46)

XAVIER CUGAT ORCH.  
(Columbia 38615)

● The late Buddy Clark teams with maestro Xavier Cugat on this widely known piece from Samson & Delilah, to turn in a glowing hit of music that should ride high on the phonos. Ditty scored several years ago, and has since remained a hot coin culler. Buddy's fond lyrical expression, matched with the smart Latin orchestral styling of the Cugat ork make this side tailor made for the jukes. The flip has the ork offering an instrumental side adapted from the "Nutcracker Suite." Both ends are there for the asking.

Charlie Spivak doing some heavy recording here for London. . . .

### LOS ANGELES:

In the years that have passed since a hardbitten city editor labeled us the worst obituary writer he'd ever seen, we haven't become any fonder of writing those final notices, particularly when the subject is a person known and admired. . . . The passing of Mark Warnow was much more than an obituary statistic, a formal statement of regret or even a biography of a great music man to this writer and the many other friends, neighbors and associates of Mark out here. . . . In that he was both friend and landlord, perhaps a rare combination in itself, we found his sudden death hard to believe, and harder to take. . . . And for all his many close friends and co-workers whom we know, his devoted violinist and librarian Abe Schneider, office man Don Meyers and music firm representative Al Gannaway, arrangers Gus Levine and Paul Weirick, songwriters Larry Neil, Bill Okie, Hal Levy, Walt Farrar, Charley Hayes, contact man Bill Savitt and all the countless big name artists, arrangers, musicians who had worked with Mark Warnow, there are no words that can describe him or pay him adequate tribute. . . . Until we personally became acquainted with Mark Warnow, we knew him only by reputation as a great conductor of popular music, an exacting taskmaster from his musicians and staff and a name synonymous with Hit Parade. . . . In meeting Mark Warnow, we met a very human being, with all the strength and weakness of human beings, a man who loved three things, life, music and people . . . a man who should not have departed this earth at the age of 47, at a time when, with the hope of returned health, he once again had resumed the pinnacle of success and recognition in his chosen field.

# Bing Rides "Mule Train!"

NEW YORK—By far one of the most interesting stories in the music business unfolded this past week with the issuing of the Bing Crosby-Decca recording of the music industry's most talked about song "Mule Train."

The tune, from the Republic picture "Singin' Guns" is currently the cause of the most furious helter-skelter tumult ever seen in the music business.

Unusual angle to the Crosby platter is simply the amazing fact that the Crosby disk was recorded on Wednesday, October 26. The cutting was flown into New York and Decca personnel went to work on it immediately. It was learned that a majority of Decca's factory pressing production had been geared to "Mule Train." Test copies of the recording were taken around to key disk jockeys in the metropolitan area, with the platter evoking such statements as "the Crosby recording of 'Mule Train' is undoubtedly one of the finest Bing has ever made." . . . "Crosby's great warmth and tremendous expression in this recording surpasses anything he has ever done for Decca." . . . "The Crosby record is so great we feel it might rival his supreme performance of 'White Christmas.'"

Decca spokesmen disclosed that deliveries to dealers and music operators would start immediately, and that many would have the Crosby recording in the stores on Saturday, October 29.

The Cash Box music staff, after listening to the Crosby recording at press time this past week, vehemently agreed with the opinions set forth by so many of the disk jockeys and the trade who were fortunate enough to hear it. Crosby's "Mule Train" evokes more melodrama and depth of feeling than we believed possible. It is a superb expression of one of the greatest musical artists of our time. The impressive magnitude of Bing's projection of "Mule Train" vividly depicts the exciting tempo of the music. The listener actually lives the stimulating pulse of "Mule Train"—so great is Bing Crosby's performance on this song. Bing's overwhelming vocal work on the side is really something to marvel at. The tune itself is unique in the field of commercial music. It explicitly tells the story of a driving mule train, replete with the shouts and tremendous feeling of the driver. The song will thrill the most attentive and critical music fan, and leave you fascinated by its magnitude.

"Forgive & Forget" (2:51)

"So Much" (2:49)

THE ORIOLES

(Jubilee 5016)

THE ORIOLES

● By far one of the greatest platters this group have offered to date is headed music operators way in a blaze of glory. It's one of the nation's hottest vocal combo's on tap to render a song that will surely

catch on and go like wildfire in juke boxes throughout the land. The Orioles' rendition of "Forgive And Forget" is a side that even looms to surpass the wide success this combo scored with "Am I Asking Too Much." This disk, with the vocal group purring the lyrics of this wonderful melody in first rate harmony, is a cinch to clinch with music ops and phono fans. The vocal beauty displayed on the side is hard to match—it's that good. Tempo is slow and infectious throughout, with light dainty melody seeping thru the background. On the other end with "So Much," the group come back with another grade A performance that should thrill their many fans. Ops shouldn't hesitate one second with this platter. Grab it by the boxful!

"Cookie" (2:50)

"This Can't Be Love" (3:00)

FLIP PHILLIPS ORCH.

(Mercury 8908)

● Some instrumental wax by the great Flip Phillips, and the set up of "Cookie" and "This Can't Be Love." Both sides of this platter show Flip and his wonderful aggregation in top instrumental style. Top deck has the gang beating the paces in mellow metro, with maestro Flip taking a neat solo spot. The coupling is an old standard that has long won juke box favor—this great rendition by Flip should boom juke box play all the more. Ops should listen in.

"For You My Love" (2:51)

"Lost My Baby" (2:53)

LARRY DARNELL

(Regal 3240)

● Fresh pair of sides by balladeer Larry Darnell show as potential coin cullers, with the refrain of "For You My Love" and "Lost My Baby" echoing wonderfully. Larry's strong vocal strains make for excellent listening pleasure throughout both sides of this platter. Top deck is the side to ride with tho, as it shows Larry's captivating vocal style in all its rich lustre. Lyrics weave about the title, with some effective instrumental accompaniment rounding out the side. The flip is another grade A performance for Larry. "For You My Love" is hot.

"Blues For Someone" (2:47)

"Draggin' My Heart Around" (2:49)

JULIA LEE

(Capitol 57-70051)

● The widely known and popular Julia Lee comes up with another pair of potential coin winners in this pairing titled "Blue For Someone" and "Draggin' My Heart Around." The platter shows Julia in her usually great style, turning in a wonderful performance on both sides of this platter. Julia trills the lyrics of the songs in top notch vocal manner, and comes up with a hot pair of sides for music ops. Grab 'em.

"Sportin' Life" (2:49)

"Cool That Thing" (2:45)

RALPH WILLIS

(Abbey 3002)

● Sure fire juke box winner is this bit on Abbey wax by Ralph Willis. It's "Sportin' Life" we're ravin' about and with good cause too. Ralph teams with Spider Sam on this side to turn in a platter ops are sure to marvel about. It's a side that has the tint of coin play all about it, and is a must for your machines. The other end has Ralph taking it solo, on a melody that should do more than hold its own with juke box patrons. "Sportin' Life" will drag in loads of jitney.

"Top & Bottom" (2:47)

"Rocking With Leroy" (2:53)

WILD BILL MOORE

(Savoy 717)

● Wild Bill Moore and his hot ork offer music ops some wax that should hold its own on the boxes. This coupling, titled "Top & Bottom" and "Rocking With Leroy" is a cinch to meet with the approval of the many of Bill's fans. Sax work is featured predominately throughout the sides, with the rest of the gang showing some great work too. Ops who have a call for this brand of music would do well to take a look see at this recording.

"Benson's Alley" (2:47)

"Mr. Big Horn" (2:45)

SIR CHARLES & HIS ALL STARS

(Apollo 796)

● Pair of sides by Sir Charles and his All Stars, of "Robins Nest" fame show plenty of stuff that makes for top juke box material. This coupling, titled "Benson's Alley" and "Mr. Big Horn" show the ork in excellent manner throughout. Top deck is an ode to disk jockey Al Benson, and moves in mellow tempo. The flip should satisfy many of Sir Charles' fans. "Benson's Alley" gets our nod.

*"Folk" and "Western" Record Reviews*

"I'll Never Slip Around Again" (2:49)  
"Six Times A Week And Twice On Sundays" (2:55)

MARGARET WHITING - JIMMY WAKELY  
(Capitol 57-40246)

MARGARET WHITING

JIMMY WAKELY

● Currently riding high with their smash success via "Slipping Around," the new vocal team of Margaret Whiting and Jimmy Wakely come up with another great pair of sides in this coupling of "I'll Never Slip Around" and "Six Times A Week And Twice On Sundays." Both sides of this platter are dynamite for the juke box trade, and are a cinch to meet with widespread approval. Top deck is the sequel to "Slipping Around," and has Maggie and Jimmy turning in a wonderful

vocal performance. Ditty is easy on the ears, and spells coin play-right from the word go. The flip is another blue ribbon winner, with the tempo picked up a bit. Song whirls in sing-song fashion, and has Margaret and Jimmy blending voices on a cute romantic angle. The platter is the sort that should do well in almost any type of location. Music ops will be missing a bet by not climbing aboard the bandwagon with this one. Get it quick!

"Cherokee Waltz" (2:50)  
"You'll Never Know What I've Been Through" (2:51)  
CLYDE MOODY  
(King 822)

● Some great wax by Clyde Moody in the offing for music operators, and the set up of "Cherokee Waltz" and "You'll Never Know What I've Been Through." Clyde turns in an admirable performance on both sides of this platter, to set the stage for some potential coin play. Top deck echoes nicely, and should meet with the favor of Clyde's many fans. The flip is a sad lament, with the lyrics playing around the title. Ops should listen in.

"No Not Now" (2:31)  
"Barbecue Rag" (2:34)  
CURLY WILLIAMS  
(Columbia 20633)

● Curley Williams and his Georgia Peach Pickers offer some fresh wax for folk and western operators, with this coupling tagged "No Not Now" and "Barbecue Rag." Top deck is a side that will hold its own in any location. The Williams boys display their best on the side, with Jack Ford and Georgia Ann handling the vocals. The flip shows the gang at their instrumental best, with loads of fine steel guitar work seeping thru. Disk rates a spot in ops machines.

"I'll Never Slip Around Again" (2:51)  
"Revenge" (2:56)  
TEXAS JIM ROBERTSON  
(RCA Victor 21-0130)

● Always a hot contender for juke box honors, Texas Jim Robertson comes up with some great wax in this offering of "I'll Never Slip Around Again." Music ops well know the coin culling potential of Robertson, and will surely take to this platter once it makes the rounds. Lyrics make for excellent listening fare, as does Texas Jim's vocal work. The flip beats a path around the title, and has Robertson turning in another wonderful wax performance. Top deck is the side to ride with.

"Here Comes Santa Claus" (2:44)  
"Our Christmas Waltz" (2:42)  
RED FOLEY  
(Decca 46185)

● Some Christmas wax which music ops with folk and western stops can use to excellent advantage are these sides by the well known and capable Red Foley. Red offers the widely popular "Here Comes Santa Claus" on the top deck, and turns in a wonderful performance. It's a deck that should draw some extra heavy coin play. The flip "Christmas Waltz," is wrapped up in the title, and has Red teamed with Judy Martin in the vocal limelight. Ops should place this disk in a featured spot in their phonos.

"I'm Kissing Your Picture Counting Tears" (2:50)  
"I Wasted A Nickel" (2:53)  
HAWKSHAW HAWKINS  
(King 821)

● Hawkshaw Hawkins comes up with a pair that should do well in the juke boxes, with this coupling titled "I'm Kissing Your Picture Counting Tears" and "I Wasted A Nickel." Both sides show Hawkshaw at his best, altho the top deck gets our nod. Effective instrumental backing rounds out the wax. Hawkshaw's wide bevy of fans should go for this platter in a big way. Music ops take note.

"Post Office" (2:52)  
"Give Me Liberty" (2:44)  
ANN JONES  
(Capitol 57-40249)

● Music ops in the market for some better than average wax will find it in this latest coupling by Ann Jones. The platter, titled "Post Office" and "Give Me Liberty" makes for wonderful listening pleasure from start to finish, and should put a blazing spotlight on Ann. Top deck is a cute side, loaded with mirth and merriment, while the flip shows as another side that should do more than hold its own in the phonos. We like the "Post Office" side—we're sure you will too.

# RCA VICTOR & BLUEBIRD ON BOTH 78 & 45 RPM DISKS

NEW YORK—In response to the tremendous demand for RCA Victor's new Bluebird discs, the recently re-activated label now will be available both on 45 as well as the conventional 78 speed, Paul Barkmeier, General Manager, RCA Victor Record Department, announced this week. Commencing with the third release, which now is available for immediate shipment and features an outstanding array of top recording artists including Ralph Flanagan, Eddie Cantor, Eddie Fisher, Cab Calloway and Jack Lawrence, both speeds will retail at the 46c plus tax Bluebird price.

Originally introduced on 78, the immediate acceptance of the new series was given additional impetus last month with the disc debut of Ralph Flanagan, whose first two records, "You're Breaking My Heart" coupled with "You're So Understanding" and "It All Depends On You" with the flipover, "The Wedding of Lily Marlene," scored a decisive bulls-eye on the nation's best-selling charts and spurred the decision to make the series available on both speeds.

The new Bluebird records will answer the exceptional demand for high-quality, low-price discs at 45 and 78 RPM, and focus immediate attention on the brilliant new roster of Bluebird recording personalities, Barkmeier predicts.

Teeing off the new series, Ralph Flanagan will have four records on one release for the first time in the history of the record business, in response to the wide new market for discs with his distinctive beat. These include "My Hero" and "Tell Me Why," "Don't Cry Joe" coupled with "Swing to 45," "Whispering Hope" coupled with "Penthouse Serenade" and "White Christmas" with the flipover "She Wore a Yellow Ribbon" from the Argosy film of the same name. One of the great entertainment stars of all time, Eddie Cantor, is represented on Bluebird with two typical "Banjo Eyes" ditties, "I Never See Maggie Alone" and "The Music Goes Round."

The new Cantor singing discovery, Eddie Fisher, sings "My Bolero" with "Foolish Tears" and Cab Calloway, whose "Old Joe Louis" on last month's Bluebird release was a solid hit, is heard on two novelties, "Rooming House Boogie" and "I Beeped When I Shoulda Bopped." Jack Lawrence, famous songwriter with an exciting and highly individualized singing style, renders his own tune, "The Greatest Mistake of My Life" and "Afraid" on the new 45-78 RPM Bluebird label which, in the past, was responsible for many of the record industry's biggest hits.

## RCA VICTOR DENIES REPORTS THAT 45 RPM WILL FOLD

NEW YORK—All rumors and false reports circulated by those who may have "an axe to grind" that RCA Victor will abandon its "45 RPM" phonograph and record system were emphatically denied today by Frank M. Folsom, President of the Radio Corporation of America, who said, "By no means will the '45' be abandoned. It is here to stay."

"We are more than delighted with the progress made by the '45' phonograph system since its introduction to the public last April," he continued. "Sales have increased 260% within the past 90 days. Our production facilities are presently unable to keep up with the public demand. I predict with utmost confidence that it is destined to lead the phonograph field both in record players and records. We have included the '45' system—which has the simplest and quickest record changer in the world—in all of our radio-phonograph consoles."

"In response to the rapidly mounting demand in all sections of the country, RCA Victor has increased its

record production facilities, which now are being worked 3 shifts daily, with overtime. Demand for the new '45' record players is so great that our deliveries to distributors are running a minimum of 2 weeks behind orders. The upward trend is certain to continue as more and more music-lovers become acquainted with the quality, as well as the simplicity and economy, of the new '45' system.

"Since June, every new RCA Victor recording has been produced on the 45 RPM as well as conventional 78 RPM disks. Our catalog of '45' records now numbers more than 1,000 selections and is being expanded as rapidly as possible. It encompasses a full range of recorded music, including symphonic, semi-classical, popular, children's selections and folk tunes.

"I vigorously declare," said Mr. Folsom, "that the '45' as a system of recorded music is here to stay—and let there be no doubt about it."

# GOODBYE, MR. NICKEL?

## 5c Coffee Doomed In New York—Telephone Company Petitions State For Permission To Change Coinboxes To Dime

NEW YORK—Goodbye, Mr. Nickel?

Like the American Buffalo on the 5c piece, is the nickel heading for extinction, or like the Indian on the other side of the coin, will it have only limited life—the coin chute on music and amusement machines?

The nickel's death knoll began with the increase to 10c in New York subways. The City of New York showed figures to impress the voters that it was absolutely necessary that the ten cent fare be changed.

A few weeks ago, the New York Telephone Company instituted a plea to the State authorities, requesting permission to change all telephone coin boxes from 5c to 10c per local call. Their statement endeavors to show the absolute necessity for the increase. They claim that local phone calls have been available to the public for a 5c coin since its inception, and that altho overhead, wages, and all costs have increased greatly, they haven't increased the coinbox rate. All parties feel that the Telephone Company will receive permission to change over their coinboxes from 5c to 10c.

The latest effort to eliminate the nickel is being made by large low-priced restaurant chains. At an emergency meeting this week operators of these cafeterias and restaurants discussed the necessity of increasing the retail price of a cup of coffee from 5c to 10c. A spokesman for the group told newsmen that "nickel coffee appeared doomed due to the steadily rising coffee prices."

"We cannot exist on the prices of today," the cafeteria man said. "I should say that if the price goes up another 8 or 10 cents a pound the ten-cent cup of coffee will become a definite reality." He said that the large cafeterias operated on fractional profits and the present state of affairs could make the difference between success and failure.

Coinmen are advised to study the trend closely. Their problems are similar to those noted above. During the past months, several amusement games have reached the market with 10c coin slots. Others have designed their equipment for competitive play requiring 2 nickels. Reports coming in from the field indicate that these machines are getting lively play, with only isolated complaints from players.

It's highly possible that in the very near future, music and amusement machines, as well as subway, telephone, cigars and coffee, will be bidding a fond farewell to Mr. Nickel.

## Keeney Factory Producing Four Machines At Same Time

ROY MCGINNIS

CHICAGO—Roy McGinnis, President of J. H. Keeney & Co., this city, reported that the firm is now in production on four products all at one and the same time with others coming up soon.

The four machines now going down the production lines at this huge plant are: "Line Up," the new rebound skill game; "Band Leader," the first five-ball presented by the firm in some time and which is reported to have taken instant interest of the field; the Keney Scoreboards for shuffleboards, introduced a few weeks back and which have also won many adherents; and the famed Keeney Cigarette Merchandiser which has been in steady production ever since its introduction.

At the present time the plant is geared to turn out almost as many of the above products as their distributors are ordering. "But," as McGinnis said, "we are falling behind every day with the way that orders are increasing, especially for 'Line Up' and 'Band Leader'."

He also said, "From all reports we have so far received both these games have taken a strong hold in every territory where they have appeared and the operators are enjoying the finest returns that they have in many, many months."

Keeney roadmen are doing a grand job on the Cigarette Merchandiser, according to McGinnis, and the orders pour in steadily day after day with a new sales record sure to be set before the end of the year as more operators take to this vendor.

The Keeney Scoreboards for all shuffleboard play action have won many fans among operators and McGinnis reported that the firm has received many compliments on the efficient manner in which these have been constructed to make it easier for the shuffleboard players to enjoy the games.

The firm is also working hard now to get other products to their production lines but haven't as yet released information regarding them.

## Williams Turns Entire Plant Over To "Quarterback"

CHICAGO—Sam Stern, Vice-President and General Salesmanager of Williams Manufacturing Co., this city, reported this past week that the firm had turned over its entire production facilities to their newest game of the Star Series, "Quarterback."

The reason for this sudden swing over, which halts production on their five-ball game, is due to the numerous requests which they have already received from their distributors for immediate delivery of "Quarterback."

Stern also stated, "Location tests have proved that 'Quarterback' is one of the most sensational moneymakers we have ever yet produced. There is no longer any doubt," he continued, "that this machine will outstrip anything ever presented for the big football season."

The game is very fascinating since it depicts football about as perfectly as any machine ever will. The man runs across the field on the backboard of the game as the player advances him by his skill.

In addition an entire five man backfield is on the game in the form of kickers. The five man backfield is composed of the quarterback, left and right halfbacks and left and right ends. These five kickers produce great thrill to the playing of the game and keep the interest at high pitch with the players constantly trying for better results because of the kicker action.

The scoring is done with touch-

SAM STERN

downs and field goals. The entire play consists of four quarters, just as in actual football. The game is geared for 5c, 10c and 25c play with adjustment for 6 for 25c play to obtain quarter action.

Those who have seen this latest addition to the Williams' Star Series pronounce it even better than the baseball game which was first featured in this new, larger game series.

The football interest being at its height right now throughout the nation and as location tests have proved the game one of the best the firm have produced, they report that they look forward to the biggest sales of the year for "Quarterback."

# Miller-Newmark Named Distribs For M & T Sales Co's "Scoreboard"

CHICAGO—Ted Rubenstein of M & T Sales Company, this city, manufacturers of the M & T Scoreboards, reported this past week that the firm had appointed Miller-Newmark, with offices in Grand Rapids and Detroit, Mich., as distributors.

Ted stated, "Both Bill Miller and Ben Newmark have demonstrated that they are among the nation's top salesmen and have placed their faith in the 'M & T Scoreboards' for everyone of the operators to whom they sell shuffleboards."

The Miller-Newmark firm have offices at 5743 Grand River Ave., Detroit, Mich., and also at 42 Fairbanks St., N.W., Grand Rapids, Mich.

Rubenstein also stated, "Both Bill Miller and Ben Newmark have advised us that operators who have purchased the 'M & T Scoreboards' from them have all been extremely complimentary on the increased play action which our scoreboards have brought to their shuffleboards."

"In almost every case," he continued, "both Ben and Bill tell me that the operators have enjoyed increased play action and have also been happy with the way that the 'M & T Scoreboards' have won over the location owners and have, because of this alone, bettered relationships with the retailers."

Rubenstein is arranging to have many of the complimentary letters the M & T Sales Co. have received from operators reproduced so that the distributors can use these to show other ops about their territories how well the scoreboards are being accepted and also what they mean to operators who desire to maintain their shuffleboard routes for years to come.

The "M & T Scoreboards" feature all types of scoring methods and the shuffleboard ops have found the scoreboards extremely helpful in deciding winners for the players.

# Servicemen Union For Amusement Games Formed In Minneapolis

MINNEAPOLIS, MINN.—An attempt to form a union of pinball servicemen and collectors was started in this city last week. The union is called AFL Bowling Alley, Amusement and Vending Machine employees local 93, and is headed by Patrick Whelan, 2nd, president and business manager. Union offices are located at 607 Pence Building.

It proposed to become "the sole and exclusive bargaining agency for all workers" employed in the installing, servicing, repairing, collecting and replacing amusement and vending machines.

In addition to the usual wage, hours and welfare clauses, the union's contract provides a form of intra-industry policing and guarantees that members' locations will not be invaded by other members. Provision is made for an "inspection fee."

The matter came before the public's attention when pickets were scheduled to appear before a location, and the police were notified. Chief of Police Thomas R. Jones, after conferring with the city attorney's office, ordered patrolmen to disperse pickets if they appeared. Under the circumstances, Whelan called off the picket plan.

Jones stated that Joseph A. Hadley, assistant city attorney, had informed him that continued picketing of locations because of pinball disputes with operating companies would amount to a secondary boycott, which is illegal.

According to reports two operating companies have signed up with the union—Silent Sales Company and L & M Sales—and negotiations are underway with Acme Sales Company.

# Keeney Announces New 5-Ball Game

JOHN CONROE

CHICAGO—Ball animation takes on a new meaning with Keeney's 5-ball game, "Band Leader," according to John Conroe, general manager of the Keeney company. The new game which is now in the hands of distributors and rapidly moving into locations, is said to incorporate exceptionally fast action from top to bottom of playfield.

Features of the new Keeney Band Leader game include: five knockout holes four of which at top of field count 10,000 each, one at center good for 50,000 points; four action bumpers score 10,000 each until lit then are good for 100,000 each; one free game bumper when lit good for one free game when hit; six rollover switches lit up and five of these score 10,000 each while one is good for 50,000. The top possible score is 9,400,000.

Flipper buttons located at either side of the game sustain the ball animation at bottom of playfield and keep pumping up the score. The game is attractively styled and colorfully designed and, according to Conroe, incorporates advanced engineering to insure dependable operation and easy maintenance.

## Coinmen Planning To Attend NAMA Convention Advised To Make Travel Reservations Early

CHICAGO—Members of the vending and allied industries who plan to attend the National Automatic Merchandising Association (NAMA) Convention and Exhibit at Atlantic City, Nov. 27-30, are advised to make their travel reservations early, because of the expected Thanksgiving transportation rush.

Conventioners should plan their arrival in Atlantic City no later than Sunday noon, Nov. 27. The exhibit will open at 1 p.m. Sunday. More than 130 manufacturers and suppliers will participate in this year's exhibit.

The Pennsylvania Railroad plans to operate "through" cars to Atlantic City from Chicago on other large cities if there is a sufficient number of reservations. This service would eliminate the necessity for changing trains at North Philadelphia for the balance of the journey to Atlantic City.

In connection with the proposed "through" car arrangement, the following are departure times from various cities which would allow arrival in Atlantic City at noon on either Nov. 26 or 27: Chicago, 3:30 p.m.; Detroit, 5:40 p.m.; Cleveland, 8:40 p.m.; St. Louis, 12:30 p.m.; Louisville, 2:00 p.m.; Indianapolis, 4:50 p.m.; Louisville (Louisville & Nash-

ville R.R.), 12:40 p.m., and Cincinnati, 5:15 p.m.

Those wishing to travel by air are advised to contact their local travel or airline office immediately for reservations and correct departure times. Anyone who plans to drive to Atlantic City may obtain free marked maps showing the best routes from their home towns by writing the Gulf Tour-guide Bureau, 1515 Locust Street, Philadelphia, Pa.

## Ken Ferguson Resigns As General Chairman Of 5-State Convention

STILLWATER, MINN.—Ken Ferguson, popular and well known operator, and General Chairman of the Five State Phonograph Owners Convention, this week notified all officials of that body, that due to his limited time, he was resigning that position.

"I now find that my entry into the field of promotions of Sports and Treval Shows, together with my phonograph operations" stated Ferguson, "is requiring so much of my efforts that it leaves little time available for other activities."

"I will, however, be more than willing to serve in an advisory capacity, and with my limited time will continue to do my utmost to aid in making all future conventions outstanding successes."

## EASTERN FLASHES

"Be seeing you Saturday night at the Waldorf" was the most used expression this week thruout the trade, as the city's music machine operators, jobbers and distributors prepared to attend the 12th Annual Banquet of the Automatic Music Machine Operators Association. Al Denver, president of the association, and his hard working associates were most enthusiastic over expected attendance, claiming the Starlight Roof would be filled to capacity. Not only are the local ops turning out, but out-of-town visitors will be numerous, as well as representatives from the various recording companies, needle manufacturers, and top flight recording stars.

Distributors have reserved several tables each, and representatives from their factories are scheduled to be on hand. Joe Young, Young Distributing, Inc., with two tables, will entertain a half dozen Wurlitzer officials ... Barney (Shugy) Sugerman and Abe Green, Runyon Sales Company, will have their staffs from their New Jersey and New York offices, as well as Lindy Force, Joe Caldron and Jack Mitnick, AMI execs, who will be their guests ... Les Rieck, H. C. Evans, manufacturers of the "Constellation" phono, informed Charley Aronson and Bill Alberg, Brooklyn Amusement Machine Company, that he was sorry he wouldn't be able to attend. However, both Charley and Bill will uphold the honor for the factory ... Art Weinand, Rock-Ola's top phono exec, will be the guest of Dave Stern and Tom Burke, Seacoast Distributing. Art, making a trip thru the East, will climax his journey at the affair ... Meyer Parkoff, Atlantic Distributing will entertain the Seeburg phono officials at his table.

Mike Munves displays the new Exhibit pistol shooting gallery "Silver Bullets" at both his 11th Avenue showrooms, and 10th Avenue building. Operator interest very keen. While we watch several coinmen try out the action, and compliment Exhibit for turning out such an interest provoking machine. These men also praised the construction of the cabinet, playing field and the realistic "45" pistols. Munves tells us he's already received a number of orders ... Dave Stern, Seacoast Distributors, still up to his ears on construction work of his offices in Elizabeth, N. J. Dave claims, with all modesty, that this building will be a real showplace when completed ... Jack Semel's eyes light up when conversation turns to his nineteen year old daughter. In addition to her good looks, she has a highly developed mental capacity. Completing her last year at N. Y. U., where she is majoring in vocal therapy, the young lady works in a hospital and visits a few clients. Jack tells us she's making more dough than he is ... Speaking of young daughters, reminds us that Barney Sugerman's beautiful daughter, Lorraine, is making arrangements for her marriage in March. Event will take place in Newark, N. J. (Who's the lucky guy?)

Henry Foote, well known coinman from Richmond, Va., visits the big city. Spent a pleasant half hour with Henry, Mike Munves and Phil Gould, talking about old times. Joe Calcutt's name came into the conversation, and Foote related how he purchased Joe's favorite chair at the auction after Calcutt's death. The reason he bought it was to give it to Wilkie, Joe's manager. A week after the chair was delivered to him, Wilkie died ... Herb Oettinger, genial official of United Manufacturing Company, Chicago, visiting his distributor here ... Sol and Murray Wohlman, Pan-Coast Amusement Company, doing a great job operating amusement type machine locally. Sol, one of the better operators anywhere in these United States, tells us he'd entertain any proposition on an operating deal anywhere in the country ... Dave Lowy & Company, makes a good buy in music machines, and immediately offers them to trade ... Al Simon, Alfred Simon, Inc., (Chicago Coin representative) wearing a big smile when the factory's new shuffle bowling game "Chicago Coin's Bowling Alley" arrives ... Hymie and Harry Koepfel, Koepfel Distributing Co., too busy preparing a shipment of phonos to kibitz this week. However, Harry takes time out to state "Biz keeps improving with every week."

Coinmen are used to being in the middle during a political campaign, but this is the first time in our memory that a vending machine operator made the front pages. Every New York paper flashed the story that Mayor William O'Dwyer's campaign manager, Jerry Finkelstein, once headed the Vend-O-Drink Company, which had been given several choice subway locations for their drink machines.

Willie is attending the first wedding anniversary of his youngest son, Marty, October 29. "How time flies," is all Willie could say. ... Joe Hirsch claims that he has a brand new idea which is sure to take the industry by storm. Joe's on his way to N. Y. and believes that the deal will be all set before he returns. ... Latest report on shuffleboards here is that over 50% of Miami's bars and grills are already covered with the battle on to see how soon the balance will also be filled with the puck shooters. ... Lou Koren is getting his King Cole Hotel ready for the new season. It's a favorite with many of the nation's coinmen who visit Miami while the snow and ice are on the ground up north. ... Sam Taran reports that his Havana managers (Roth and Solomon) in town this past week begging for more and still more equipment of every type. Sam claims, "They're doing a terrific job in Cuba." And Sam also reports sales on AMI phonos and United's "Shuffle Alley" have bust all records for his firm. ... Rumor here is that Miami will form its own five ball association. ... Miami Beach has a five-ball organization. ... Joe Mangone claims he's one of the busiest guys in town. ... And Herman Perin hasn't a thing to say. Can you imagine that? ... How're things going? This is one time when almost every factory in town is working at top speed. In fact, the majority of the plants are working on two, three, four, and as many as six machines at one and the same time. Production and more production is the cry of the day, with plant managers being pushed by salesmen and the boss howling all day long for still more machines to come off the lines. Many a night shift at work in town. Some of the coinmen who have been around visiting the various factories here report, "Seems like old times again." So "things" are going great in Chi with this Coincenter of the world one of the busiest places to be right now as the machines come zipping off the production lines.

Georgie Jenkins coming along fine. Recovering from his operation and already phoning the Bally plant from his hospital room to learn how everything is getting along . . . Ted Rubenstein of M & T Sales Co. tremendously proud over a number of letters which have arrived in the past week or so acclaiming the firm's scoreboards and advising him that they are among "the best" . . . Bill Miller and Ben Newmark, the new Grand Rapids, Detroit, Mich. combo named distribs for the M & T Scoreboards . . . Jack Nelson a busy man these days telling ops, jobbers and distribs all about Bally's "Shuffle Bowler" . . . Herb Jones advises that more space was taken by the Lion Mfg. Corp. to accomodate production on "Champion," "Kentucky," "Clover Bell" and "Spot Bell" . . . Bally now has six machines in production at one and the same time.

Which reminds us, Roy McGinnis over at J. H. Keeney & Co. advises his firm now have four machines in production at the same time . . . "Line Up," Scoreboards, Cigarette Merchandiser and their new five-ball "Band Leader" . . . Sam Stern returns from a visit to Philly and jumps right into harness as he sees the entire factory turned over to their new "Quarterback."

Firm stopped production on everything else to meet the avalanche of orders received for this second of the Star Series games . . . Herb Oettinger of United out of town this week . . . Lyn Durant busier than the proverbial one-armed-painter-with-the-itch trying to step production up and up and still higher up on "Shuffle Alley." It gets so bad these days that Billy DeSelm simply "left the building" according to the phone gals, and as Lyn remarked, "Thank goodness he didn't take it with him" . . . John Frantz of the Frantz scale has a very interesting charity setup which sounds like a beaut of a scale money-maker.

Johnny Neise over at O. D. Jennings & Co. all hepped up over their Export Chief—and advises that O. D. Jennings may go on to the Nevada opening of Charley Robinson's new offices . . . Larry Frankel of Rock Island in town this past week to look things over . . . Hymie Zorinsky of H. Z. Vending & Sales, Omaha, in town this past week and telling all who would listen about his terrific bowling prowess . . . Les Rieck of H. C. Evans & Co. advises that tho he won't be able to be in New York for the big music ops' affair there but that Charley Aronson and Bill Alberg, firm's Constellation phono distribs in that area, will handle all and sundry . . . Norwood Veatch of Central Distributing, St. Louis, in town this past week and sticking close to the United plant to get as many of the "Shuffle Alley" as he possibly can . . . Bill Billheimer over at Como backlogged with orders for the new "Hollycrane" and working many extra hours in an attempt to extricate himself . . . Herman Paster of St. Paul pops into town. But Herman's just like a commuter—in and out of Chi almost all the time.

Tom Callaghan with a bunch of guys in his office looking over an autographic just sent to him by President Harry S. Truman . . . Capt. Callagan having been with the President before leaving the Secret Service . . . Frank Mencuri of Exhibit Supply just returned from an extended road trip advises that he bumped into some Dale Guns which have taken in over \$3,000 each this season with a traveling show. And Frank of the firm belief that their new "Silver Bullets" gun will double that . . . Joe Batten of Exhibit back on the job and talking nothing but "Tumbleweed" which went away over the top. Joe also advises that Charley Pieri back on the road again booking those orders . . . Lindy Force of AMI in a joking mood this past Tuesday telling the one about the new family that moved into the neighborhood and was visited by two prim old ladies and how the little four year old son came dashing into the parlor in the midst of the visit and stumbled over the family dog dozing near the door. (Oooh, what that kid said.) Just ask Lindy . . . Joe Carlton of AMI also in town this past week . . . Ed Ratajack "somewhere in the west" . . . and Jack Mitnick "somewhere in the east."

Bill Ryan and Mel Binks over at Universal Industries plenty busy these days with Bill advising that one of these sweet days the firm may have something of a rest in between runs, which would be welcomed by one and all of the execs . . . We insist that the most classic story ever told about this business is the one wherein Sam Taran got himself North and South Dakota. There'll never be another like it for years . . . Ben Coven is absolutely between the devil and the deep blue sea from what he tells us. Seems like Ben has turned in one of those grand sales jobs on "Shuffle Bowler" and is so far behind in orders he's biting his finger nails right down to his elbows. In the meantime, Trudy Coven (Ben's gorgeous wife) has decided that since they can't find a home "to buy," they'll "build" one to their own specifications.

### CALIFORNIA CLIPPINGS

Those ulcers of Jack Simon that we've foolishly kidded about in the past turned out to be no kidding matter last week, with Jack suddenly rushed to the hospital for emergency treatment of them. . . . According to Mrs. Simon, a gracious lady whom we met for the first time the other day at Sicking's Jack is doing as well as can be expected although Jack Ryan and secretary Cele Padwa tell us that Jack is really a very sick man at this time. . . . We know that Bill Gersh and the entire Cash Box staff join us and Jack Simon's countless friends along the Row in wishing him a speedy and complete recovery. . . . Bill Marmer, Jack's partner who came out from Cincinnati especially to spend some time with him, is greatly saddened by Simon's illness and, meanwhile, is plugging away on the job at Sicking's instead of doing any vacationing on his own. . . . Marmer plans to stay several weeks and hopes that partner Jack will be up and around before he has to head for Cincy.

News from C. A. Robinson's of interest is that they're taking over as exclusive distributor of Jennings' new egypt. for the state of Nevada, with Charlie now up in Reno opening an office. . . . Al Bettelman, who relayed the news, also figures to be doing a lot of commuting in the near future. . . . Speaking of bells, spent a little time in a friendly discussion of the respective merits and resale value of the various brands and the Nevada market particularly at Automatic with Dannie Jackson and Sammie Donin, who sell as much used equipment in that line as anybody in town. . . . It's still United's "Shuffle Alley" uber alles at General Music. . . . Caught the Bergstedts of Hercules Shuffleboard and Nels Nelson of Ray Powers & Co., sitting around relaxing at the close of a long day and relaxed a little with 'em. . . . Nels reported no news for this week but promised something really BIG next issue . . . so don't forget, folks, to turn to this column next week.

Found Lucille Laymon back on the job, Charlie Daniels too, with Paul Laymon on the outside and Ed Wilkes dishing out the gospel, including the word that they're all eagerly awaiting Bally's "Shuffle Bowler," one that he and Mrs. Laymon predict will put all others to shame. . . . While at Laymon's we tried a few on Gottlieb's "King Arthur," Chicago Coin's "Tahiti" and Genco's "Ripsnorter," three lively games up to the standards of all three firms. . . . It was also at Laymon's that Loran Sapp of the Kats Wax Company in Long Beach caught us using the blank backs of his advertising leaflets as note paper. . . . He said, rather than an apology or replacement, he'd settle for mention of what a fine product his firm has. . . . Fair enough? . . . On the Row: A. C. Atcherly of Piedmont en route to Honolulu on business. . . . Jack Johnson of Long Beach before taking off for a vacation in Southern Carolina. . . . Stanley Tracy of Kingman, Arizona. . . . Jim Murphy of Inyokern. . . . Artesia's Johnny Ketchersaid. . . . Charles Cahoon from Long Beach. . . . S. L. Griffin of Pomona. . . . Duarte's C. E. Stevens. . . . Frank Totzke of Mojave. . . . Mr. and Mrs. Burt Polin from San Luis Obispo. . . . San Pedro's J. B. Olsen and Henry Van Stelton of La Harbor.

### MINNEAPOLIS-ST. PAUL, MINN.

Charles Sersen and the Mrs. driving into Minneapolis for the day, Charlie stopping off at the Hy-G Music Company to pick up records. . . . Earl Grout of the Vendall Company, Inc., got his limit opening day of pheasant hunting in Minnesota. . . . Kelly Diedrich of Chaska, Minn. with a party of friends got his limit of pheasants hunting for three days . . . Milo Porter of Milbanks, S. D., in Minneapolis for the day calling on a few distributors. . . . Van Middlemas of Bismarck, N. D., has decided to go back into the coin machine business after several years absence. Van turned his route over to his son-in-law, Bob Westrum, in 1946. At that time, the Van Specialty Company was one of the largest operations in the state of North Dakota. After three years of retirement, Van has decided to get back into the harness again. Bob Westrum will be manager. . . . R. L. Cross of Jackson, Minn., in Minneapolis calling on a few of the distributors.

Andrew Markfelder of Staples, Minn., also in Minneapolis for the day, making the rounds. . . . Charlie Bohnen of St. Cloud, Minn., seen making the rounds of distribs. . . . Glen Addington of Bismarck, N. D., in Minneapolis over the weekend visiting. . . . Claire and Bud Nitteburg of Castlewood, S. D., in Minneapolis on some urgent business, and very anxious to get back home for the duck shooting which opened in South Dakota October 21. . . . Jim Donatell of Spooner, Wis., back, taking care of his brother's route after after several months absence, visiting on the West Coast. . . . Steve Szymanski of Rapid City, S. D., in Minneapolis over the weekend taking a few days off.

Jim Hooker and Don Fitzgerald of Sioux Falls, S. D., drove into Minneapolis Sunday evening and left for home the following day. . . . Henry Sabes of the American Sales Company, Minneapolis, flew to Ann Arbor to watch the Michigan-Minnesota game. . . . Herman Paster of the Paster Distributing Company, St. Paul, Minnesota in Chicago last week to visit United Manufacturing Company to see if he could get more Shuffle Alleys. . . . Ted Salvesson of Huron, S. D., in Minneapolis over the weekend and telling us his mother and he get their limit of pheasants everytime they go out to shoot them.

## How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.
